

## EXCITING CHASE OF FLYING AUTO

Pelleman Crozier, Who, as "Albert," Was a Bicycle Champion, Pursued Richard Gilbert at a Forty-Mile Clip.

The capture of a remarkable automobile was told in the Harlem Police Court this afternoon when Richard Gilbert, twenty-four years old, a wealthy banker, of No. 17 West Seventy-second street, was arraigned before Magistrate Zeller charged with exceeding the speed limit in driving his big red touring automobile.

The capture of Mr. Gilbert was made by Policeman Leonard Crozier, of the East One Hundred and Fourth street station. Crozier was known to fame for many years as Frank Albert, the champion long-distance bicycle rider. In 1896 Crozier, or "Albert," won the six-day bicycle tournament at Madison Square Garden. In 1899 he won the seventy-two-hour championship in Paris, France.

Yesterday afternoon as Crozier was riding along Fifth avenue near Eighty-sixth street on his wheel the big red auto shot by him.

He went after it in true champion's style. Inside of a mile the machine passed him. He turned it around and went west to Seventh avenue. There Crozier caught another auto and called to the chauffeur to pace him after the flying machine.

The policeman hit up a forty-mile clip and the policeman hung on, though blue in the face. Before they had reached One Hundred and Fortieth street they had picked up four mounted policemen, who joined in the terrific pursuit. At One Hundred and Fifty-second street and Seventh avenue Mr. Gilbert was nabbed.

After hearing Crozier's story Magistrate Zeller held the broker in \$100 bail for trial.

Millard L. Dunham, of No. 241 West Thirty-ninth street, superintendent of Dunham's, the prominent automobile manufacturers in the world, was another victim of this wonderful bicycle clip. Dunham, with a party of two women and two men, was run down by the ex-champion cyclist after a three-mile chase at thirty miles per hour. He was also held by Magistrate Zeller in \$100 bail.

The banner district for George B. McClellan in the campaign was the First Assembly, of which Civil Justice Daniel E. Finn is the leader. Out of a total of 4,162 votes cast, Low received 946 and McClellan 3,196, which gives McClellan over 77 per cent. of the vote. Young Tim Sullivan, of the Sixth, and Tom Foley, of the Second, had a close finish for second place, both securing over 76 per cent. of the vote for McClellan. Leader Murphy's district, the thirtieth, comes next with 53.3 per cent. for Tammany.

The Second Assembly District, both under Divver and Foley, had been the banner district for Tammany for years past. In 1900 it was the district recommended by Leader Murphy for its showing. Civil Justice Finn has been the leader of the First only for the past two years, yet has reduced the Republican vote there over one-third.

Judge Finn is a veteran of the civil war, having served with the First New York in 1861 and the Twenty-second Regiment, National Guard. He is a member of the Dahlgren Post, No. 112, G. A. R., the Democratic Club, the Tammany Society, the Catholic Club and the Catholic Historical Society.

His nephew, Jay Finn, is a rising young politician. He is a member of the association that bears his name and who hopes to get a commissioner's ship at next when the plums are being distributed.

The two correspondents after he returned from West, but after a while he ceased to write. Edwards owned a beautiful orange grove in lower California, and in addition to this he saved \$200. The entire fortune he willed to Miss Carew.

## W. L. DOUGLAS \$3.50 SHOE WORTH \$5.00.

W. L. Douglas \$3.50 shoes have, by their excellent style, easy-fitting and superior wearing qualities, achieved the largest sales of any \$3.50 shoe in the world. Just as good as those that have been costing you from \$5.00 to \$7.00—the only difference is the price.

If I could take you into my factory at Brockton, Mass., the largest in the world under one roof, making men's fine shoes, and show you the infinite care with which every pair of Douglas shoes is made, you would realize why W. L. Douglas \$3.50 shoes are the best shoes produced anywhere in the world.

If I could show you the difference between the shoes made in my factory and those of other makes, you would understand why Douglas \$3.50 shoes cost more to make, why they hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.50 shoe in the market to-day.

This is the reason W. L. Douglas makes and sells more men's good year wear (hand sewed process) \$3.50 shoes than any other manufacturer in the world.

**\$25,000 Reward** will be paid to anyone who can disprove this statement. That Douglas uses Corona Calf proves there is value in Douglas \$3.50 shoes. Corona is the highest grade patent leather made.
